LANGUAGES

- Spanish – Very beginner
- French - intermidiate
- English - native

HOBBIES

- Writing notes
- programming
- Photography
- Design
- Research
- articles

SUMMARY

I'm well-versed in Java, using JavaFX and Swing to create impressive desktop interfaces. On the web, I'm a pro in ReactJS for building dynamic user interfaces, and JavaScript is my go-to for crafting interactive web experiences. Whether it's Java or JavaScript, I've got the skills to make applications stand out!
